

URVAL BHAVSAR

Ottawa, Canada | urvalbwork@gmail.com | <https://www.linkedin.com/in/urvalbhavsar/>

SUMMARY

Software QA / Design Assurance professional with 5+ years owning quality-system processes for regulated medical-device software (ISO 13485, ISO 14971, 21 CFR 820), including full DHF ownership supporting an FDA 510(k) clearance. Led CAPA/root-cause programs that cut post-release defects 25%, and built an automated documentation pipeline that cut document-creation time 50%.

EXPERIENCE

ViTAA Medical Solutions, Montréal, Canada

Software QA & Verification Specialist

Mar. 2021 – Present

- Led Design Control activities (RTM, DHF, V&V strategy), directly supporting successful FDA 510(k) clearance.
- Authored Risk Management Files (DFMEA, Hazard Analyses) under ISO 14971 across multiple active hardware/software/system programs.
- Served as primary design-assurance contact for internal and external ISO/FDA audits, keeping documentation audit-ready.
- Led root-cause investigations and CAPA resolution of test failures and compliance issues, reducing post-release defects 25%.
- Led a QMS migration from GSuite to Atlassian, improving documentation efficiency 40% and streamlining release and document-control workflows.
- Automated ISO 13485-compliant technical documentation via Atlassian MCP + Claude integration, increasing document-creation speed 50% with end-to-end audit trails.

Mauritian Snacks Ottawa, Ottawa, Canada

Co-Founder

2024 – Present (part-time)

- Co-founded and operate a part-time catering venture, completing 150+ orders across 5 snack varieties grown entirely through word-of-mouth and organic social media, with zero paid advertising.

EDUCATION

University of Ottawa, Ottawa, Canada

Master of Engineering, Biomedical Engineering

Aug. 2018 – May 2020

Gujarat Technological University, India

Bachelor of Engineering, Biomedical Engineering

Aug. 2014 – Jun. 2018

CERTIFICATIONS

Lean Six Sigma Green Belt | Certified Scrum Master (CSM) | ISTQB Foundation Level (in progress)

SKILLS

Design Assurance & Quality: Design Controls, DFMEA/FMEA, Hazard Analysis, Risk Management (ISO 14971), CAPA, Root Cause Analysis, Design V&V, RTM, RMF

Compliance & Standards: ISO 13485, 21 CFR 820, IEC 62304, FDA 510(k), SaMD, DHF Documentation, Audit Preparation & Management

Tools & Automation: Jira, Xray, Confluence, GitLab/GitHub CI-CD, Atlassian Suite, Claude / Claude Skills, MCP, Python, SQL

Process Improvement: Lean Six Sigma (Green Belt), Agile/Scrum, Statistical Process Control, Design of Experiments, Power BI
